AMENDMENT AFTER ALLOWANCE PURSUANT TO 37 CFR 1.312

On 04 September 2007, the Examiner issued an Office communication in light of two minor errors unrelated to patentability. A Notice of Allowance had been mailed on 08 August 2007, and the issue fee was paid on 14 August 2007.

The two minor errors consist of:

- a) Reference in the specification to a non-existent Figure 3; and
- b) Inadequate labeling of Figures 1 and 2.

The Office communication details the Examiner's corrections of these errors.

Applicants agree with the suggested amendments and, pursuant to a request by the Examiner, enclose herewith new drawings that identify Figures 1 and 2. The new drawings are otherwise identical to the original drawings.

Applicants request admission of the new drawings and the Examiner's proposed amendments, and request that the application be allowed to issue.
